## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-9 are allowed.
2. The following is an examiner's statement of reasons for allowance: In the previous rejection, the analogous first supporting protrusions of the prior art were said to seal against the rim of the container in regards to plain incidental contact. The current amendments to claims 1, 2, 7, and 8 limit the seal to a hermetic seal with regards to the contents of the container and the outside environment. Since the first supporting protrusions of the prior art are specifically placed with gaps in between for the purposes of venting the container to the environment, a hermetic seal as claimed is not possible in the reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
